

Employment Description

Protective Security Consultant

Reference Number: 002 / 2018

Advertised: 20 Jan 2018

Employment Type: Contractor based position.

Location: Australia, with possible overseas deployments.

Introduction

1. Your primary role as a Protective Security Consultant is to identify and assess client-specific threats and associated risks to their business operations and recommend appropriate treatment strategies and processes.

Position Requirements

2. Successful applicants must have a current security license appropriate to the role, or the ability to obtain one. Dependant on the client, applicants may be required to undergo a background check.
3. Applicants are to have a demonstrated working knowledge of: *ISO 31000*, *HB 167:2006 Security Risk Management*, the Australian Government's *Protective Security Policy Framework*, and the *Security Risk Management Body of Knowledge*.
4. Previous experience working within government, law enforcement or military organisations and a background in one or all protective security disciplines is preferable.
5. An easy-going nature and natural ability to engage staff and management at all levels of business is a must.
6. Integrity is a core aspect of MPS operations and along with our mission, vision and values is a key component of our recruitment process.

Responsibilities

7. Responsibilities for the role include:
 - a. Managing client engagements and internal projects whilst maintaining allocated budgets and quality assurance.
 - b. Preparing and conducting client-specific protective security assessments.
 - c. Delivering reports and associated security driven outcomes to clients and other parties.
 - d. Develop and maintain internal and external relationships.
 - e. Be available to proceed on interstate or overseas travel as required by the role (adequate notice provided).
-

Applications

8. To apply, please send a cover letter and current CV to: operations@montaneps.com.au
 9. Applications close: Open
-

MPS is a trusted and agile professional services consultancy with demonstrated experience across all aspects of protective security; both in Australia and around the world.

We understand today's constantly evolving physical, human, and technical threats; and what it takes to protect you, your staff, clients and operations against malicious activity.

Through innovative and globally recognised service offerings tailored to meet the unique challenges faced by our clients Integersec can equip businesses of all sizes with practical, scalable and budget-friendly security solutions.

With substantial past performance, client satisfaction and a flexible and thorough approach to solutions development, Montane Protective Security and our likeminded partners are committed to ensuring that all client related security requirements are effectively completed; on time and within budget.
